

WD 290 IQ

The intelligent and reliable
solution for CSSDs

Engineers of Confidence.

Belimed
Infection Control

Belimed WD 290 IQ – Intelligence, intuitive use and performance in a modular, upgradeable washer / disinfecter

When available space, easy-to-use intuitive interface, data collection and analysis, as well as integration for future needs, are important decision-making criteria, the WD 290 IQ washer / disinfecter is the undeniable solution.

Matching Accessories

Matching racks, adapters and accessories provide you with greater flexibility.

Automation Systems

Our automation systems ensure optimal utilization of your machines and ease the burden on your staff by utilizing automatic loading and unloading.

Belimed Connect

Our digitalization portfolio ensures accurate documentation of automatic cleaning, disinfection and sterilization processes.

SmartHub
Powered by Belimed

Intuitive Use

- Large, dual touchscreens developed with today's familiar look and feel
- Large, easily visible status indicator
- Rack recognition starts the correct cycle, automatically

All-around Performance

- Precise flowmeter or time-based dosing, effective with all detergents and lubes
- Low impingement Gentle Cycle for delicate instrument sets
- Automatic Smart Fill for each cycle step minimizes water and detergent use
- Thermal Rinse pre-heater option shortens cycle time

Modular and Upgradeable

- Designed for future add-ons such as automation, sterile filter, or detergent pump modules
- Flexible design allows for quick and easy upgrades as your needs change

Seamless Connectivity

- Collects millions of data points each cycle for dashboard and analytics use with SmartHub
- Shares cycle information with Instrument Tracking Systems through Belimed SmartHub
